

KATRINA KRIMSKY

at

The Music Gallery

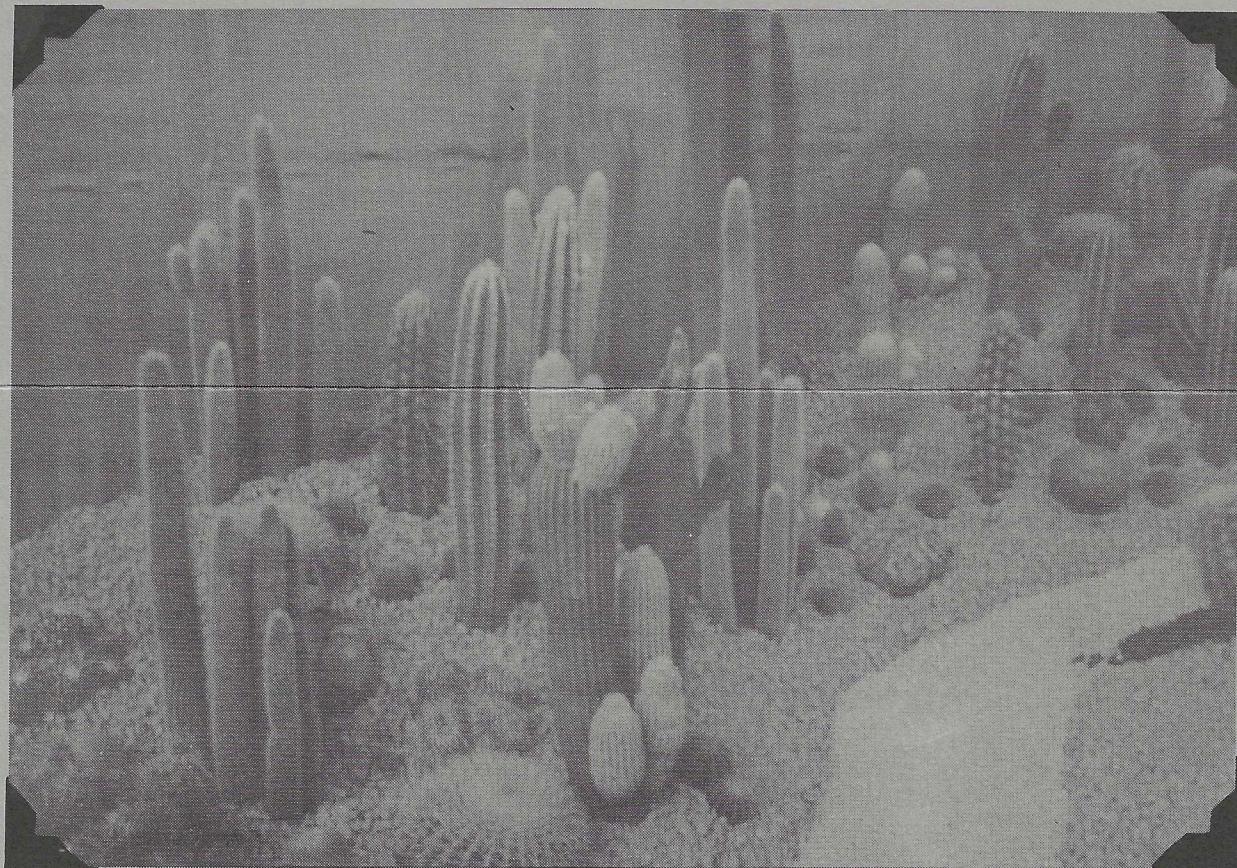

30 St. Patrick St.

Saturday, February 5

9:00 pm

Ms. Krimsky, a visiting guest artist from San Francisco, performs her latest works for solo piano and electronics. As a pianist of classical and avant-garde music, and more recently having established herself in the world of jazz, her own music reflects a rich and unique blend of musical styles, expressed through her piano improvisations. Her album of solo piano music, "Katrina Krimsky", is available on Transonic Records.

DAVID ROSENBOOM

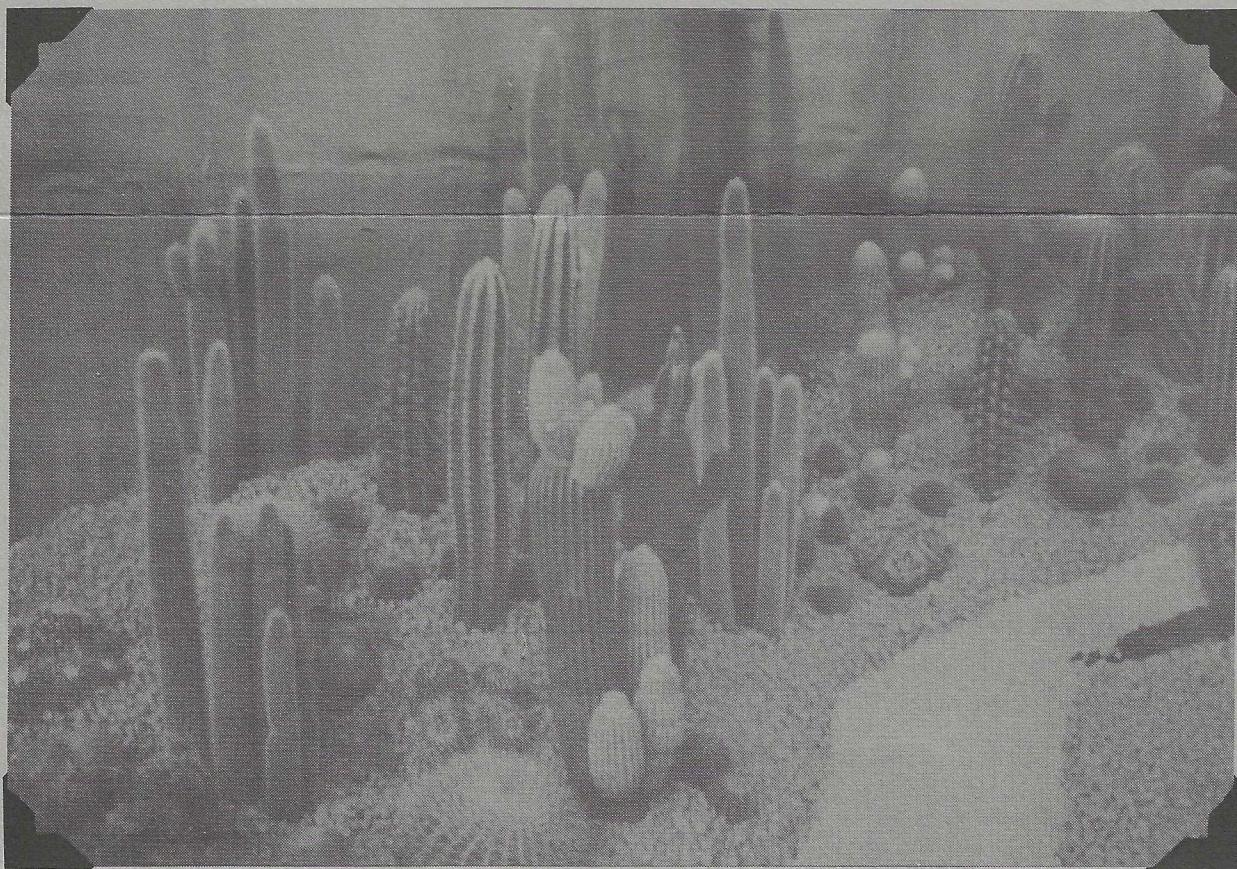

Solo Electronic Concert

at

*The Music Gallery
30 St. Patrick St.*

Saturday, February 12

9:00 pm

featuring the premier of a new live performance, hybrid-computer instrument resulting from eight years' work on musical interface with the human nervous system, the electronic realization of real-time compositional procedures, and recent collaborations and design contributions by the renowned designer-composer, Don Buchla.

New works will be performed, the composition of which was made possible through work carried out under a grant from the Canada Council, Explorations Program.

recordings available through the Aesthetic Research Centre, P.O. Box 541, Maple, Ontario, L0J-1E0, and at The Music Gallery.

if you are one who attended the November 13th concert that was cancelled due to power failure, thank you for coming and expressing your interest and concern. we hope you will be able to attend this rescheduled event.
